For twelve years we have studied, toiled, laughed, played, and cried together. Some of us have come and some have gone, but we still remember all our times together. We remember the happy times, and the sad times; our fun times and serious times. Certain events stand out in our minds. We have been said to be a unique class. No matter what befalls us, we can never forget what we have learned here. We will remember that ours was the first class to spend three years in the new school; ours was the first class to have an adult student come back and finish with us. How can we ever forget Joan Wilson, who always had a kind word for everyone; nor can we ever forget her example to us of her hard work, and her intense desire to learn. All these things are a part of our lives and no matter how hard we may try, these teachings will be firmly impressed on our lives and in our hearts.

## *Southern Splendor*

Even though our class, as all others, feels that its prom was the best, we recognize all the effort and work that was put in by the Junior Class, and commend them for presenting our Class of 1967 with a beautiful, and most enjoyable Junior-Senior Prom.

Our unique class planned an outing to end all outings at Barrie Leedy's. Some braved the chilly water timidly, or by force. Others relaxed in the shade. A good, fun time was enjoyed by all those who were able to attend. A wonderful ending of a wonderful time together.
